An exciting opportunity exists, for **an experienced Banking Systems Analyst** to join our team. ABCU is a full-service open bond Credit Union with funds under Administration of \$456 million and a staff of 35.

The Banking Systems Analyst is the expert and co-owner of the banking system to ensure the banking system is performing to expectations and maintains ongoing upgrades. In addition this role performs various activities associated with the analysis, design, development and implementation of information delivery solutions coupled with leading IT related projects from conception through to completion by working collaboratively with key stakeholders.

- Seek ways that your role can support the member experience through active engagement with all leaders.
- Act as the on-site expert when working with internal and external technology issues.
- Be a champion and seek out ways to improve efficiency and reduce costs. Using your expertise and interpersonal skills to drive costs down through improved efficiencies.
- Be accurate and always look at the risks when making decisions.

#### Experience Required

- Comfort and ability to work with a high level of detail/accuracy.
- Expert use of the DNA banking system and Microsoft Office Suite (Word, Excel, Outlook, Access, Sharepoint,) and other database applications.
- Four to six years of job-related/industry experience.

This position is a hybrid role where the incumbent will be able to work remotely. Interested candidates please provide a cover letter, salary expectations and resume to:

Cindy Bennett  
ABCU Credit Union  
general@abcu.ca

ABCU Credit Union thanks all applicants for their interest; however, only those selected for an interview will be contacted.

Closing date: This position will remain vacant until a suitable candidate is identified.
